

EMC rješenja u Oracle okruženjima

HrOUG, Rovinj, 16.10.2009.

Žaneta Findrik Nöthig, *Presales Manager Adriatic*

Oracle Customer Challenges

Managing **growth**

Dramatic growth of information
Increased infrastructure complexity

Managing **risk**

Protecting against information loss
Securing against unauthorized access
Complying with legal and corporate mandates

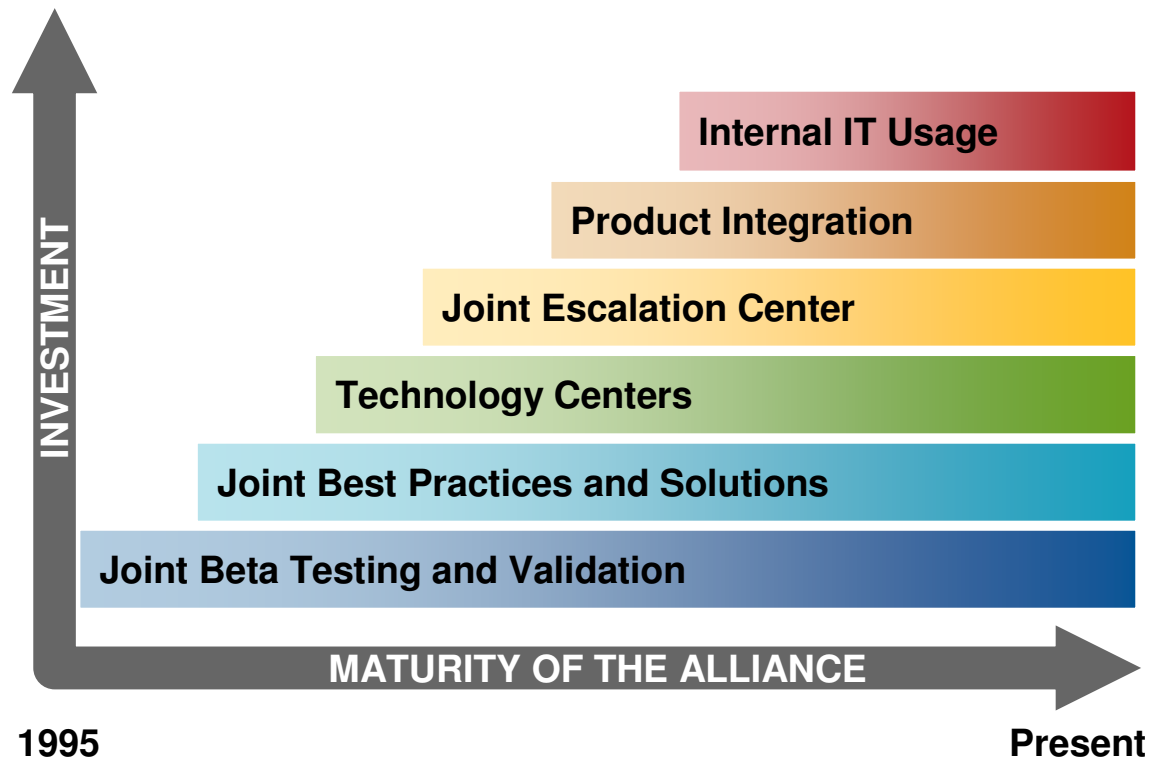

Creating **new value**

Leveraging information in new ways
Using infrastructure to drive the business

Managing **effectiveness**

Reducing capital and operational costs
Improving flexibility and responsiveness
delivering service levels demanded by the business

Unique EMC | Oracle Investments

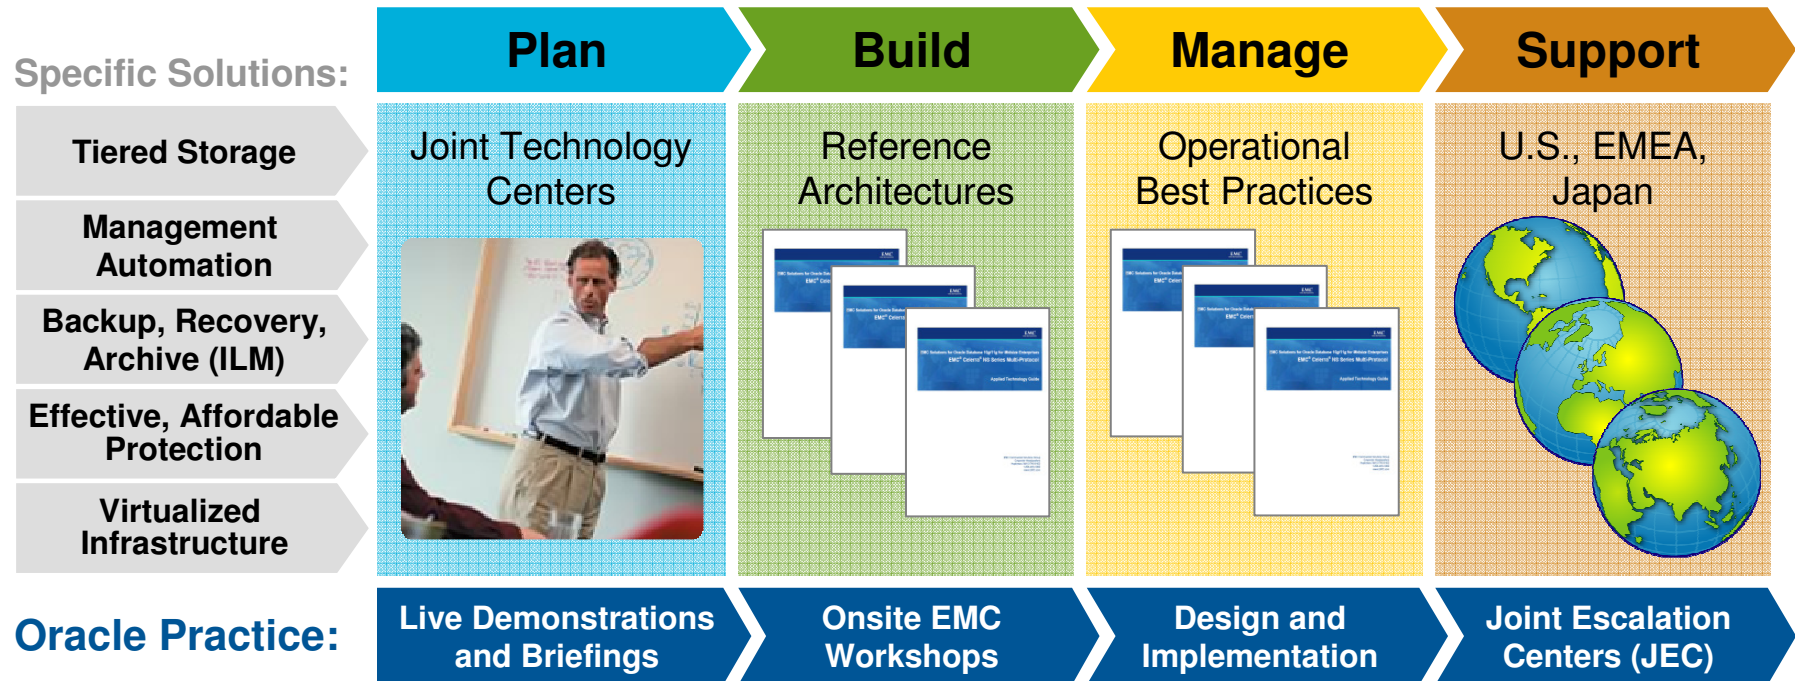

Survey respondents identified EMC as the most widely used primary storage provider

And more than twice as many survey award winners named EMC as their storage provider compared with the nearest competitor

EMC Solutions for Oracle

Expertise in Oracle database and applications infrastructure
